

## Pantesin LQ80 (Pantethine A)

Pantesin is a high-quality pharmaceutical grade branded form of Pantethine that is a highly absorbable and biologically active form of Vitamin B5. Pantethine forms the reactive component of Coenzyme A (CoA) and the acyl-carrier protein (ACP). CoA and ACP are extensively involved in carbohydrate, lipid and amino acid metabolism. In addition to possessing the metabolic activity of pantothenic acid, Pantethine helps to support health serum lipid levels. Pantethine is also important for healthy cardiovascular function through its antioxidant activity.

Product Name	Pantesin LQ80 (Pantethine A)
Generic Name	Pantethine
Appearance	Colorless to pale yellow viscous liquid
Application	Whitening cream, health food and dietary Supplement, etc.
Specification	JP
Storage	Keep under 10 in tight container.
Standard Packing	25kg in polyethylene container

Riverside Yomiuri Bldg. 10F,  
36-2 Hakozaiki-Cho, Nihonbashi, Chuo-Ku, Tokyo 103-8503 Japan
